welcome to KAYTE LANE

HELLO AND WELCOME BACK TO KAYTE LANE FOR WHAT IS SURE TO BE ANOTHER EXCITING GAME OF MARCLIFF GLOUCESTERSHIRE COUNTY LEAGUE FOOTBALL.

We'd like to welcome all the staff, players and supporters from today's opponents, Filton Athletic, and we hope you all enjoy your visit to Kayte Lane.

2025/26 brought two exciting games between the two clubs last season, although Filton came out on top on both occasions. It also means we're facing the two league favourites in our two opening home games, not an easy start, but you have to play them all at some point!

Last week was a case of good and bad. On the one hand, we fell to a very late 1-0 loss to Tewkesbury Town, losing captain Henry Danter-Welch to a red card which some supporters weren't sure on, but on the positive doing so in front of 158 supporters at Kayte Lane.

With the Men's First Team travelling down to Dorset to face last season's unsuccessful play-off finalists Shaftesbury and a derby day to open up our home campaign, the opportunity to make history presented itself.

History is always there to be broken, and this season presents multiple opportunities. We finished fifth in the league last season, our second highest place in the football pyramid (fourth in the County League being the best) and this time round we want to finish even higher.

As a Development team, our job is to develop players. Playing at the highest possible level is the best way to do this and, luckily for us, the highest possible level is within reach. A good campaign this time round, and a bit of luck, and we may get there sooner rather than later.

Standing in our way,

however, is the likes of Filton Athletic. Last season's runners-up, they're sure to be up there this time too and that makes today one of the biggest for us this season. Three points at home will go a long way against someone who's results everyone near the top will be keeping an eye on.

All this means today is undoubtedly going to be a good one. There were 11 goals in games between us last season, admittedly mostly in their favour, and I'm sure any neutrals here will be hoping for more of the same.

In other news, our game against Longlevens Reserves will now take place on the first of September as the original date clashed with a Men's First Team fixture in the FA Trophy.

Thank you for joining us here today and we hope you enjoy the game.

from the MANAGER

GOOD AFTERNOON AND WELCOME BACK TO KAYTE LANE. TWO GAMES AT HOME IN CONSECUTIVE WEEKS IS A WELCOMED INCENTIVE FOR THE GROUP.

Last week was such an amazing spectacle for our side. To have a record breaking amount of people watching our game was a mark of what can be achieved when everyone pulls in the same direction.

I have continued to thank the board for supporting the initiative and then everyone who supported off the pitch, including the Media team, who were a massive part of the event. Football clubs are run by volunteers and those people are often the lifeblood of such achievements. This group of players were treated to a great week with media evenings, new kit and then the actual day itself.

Unfortunately the result didn't go our way as we fell to a narrow one nil loss.

In the aftermath of the game, I was largely disappointed with how we played as it wasn't our identity at all. However I looked back at the clips of the match and, while I remain unhappy, appreciate we had plenty of opportunities to win the match. That frustration, which is shared by the players, is a mark of where we feel we can get to this year.

Last week offered a number of competitive debuts, but noticeably Isaac Parry in goal showed why we feel we have addressed a weakness from last season.

Isaac's 'wonder' save on half time was by far and away one of the best saves many would have seen and highlights what a talented keeper we have. Beyond him, debuts for Nathan Payne, Will Hawes,

Ben Williams, Dan Parry showcased the quality we possess.

My message last week was that nothing is won or lost this early in the season and so I ask the players to continue to build on performances. I hope today showcases our identity better than we did last week as we welcome Filton, a side that was very much in my opinion, the best side in the league last year.

Their opening has been indifferent also and so today should be an interesting watch.

Please enjoy the game and we hope to see you again soon.

BISHOPS CLEEVE DEVELOPMENT FACED TEWKESBURY TOWN IN FRONT OF A RECORD CROWD AT KAYTE LANE, FALLING TO A LATE WINNER.

BY DAN BRIAN

Bishops Cleeve development hosted Tewkesbury Town in their first home game of the 2026/27 league season, looking to add to their opening-day victory over Mangotsfield Rocks.

The local derby ended 1-0 to the visitors, who capitalised on Cleeve being down to 10 men due to Henry Danter-Welch's questionable dismissal at the start of the second half.

The game's first real chance was Tewkesbury's, as a saved effort fell for their centre-forward in the six-yard box. His powerful strike flew over the bar, however, keeping the score at 0-0 after 16 minutes of action.

10 minutes later, a Cleeve foul gave Tewkesbury a chance to attack their opponent's box. A great save from Isaac Parry kept the affair goalless, and the following corner flew over everyone in the middle.

In the second minute of the first half's stoppage time, the Mitres survived another corner before successfully defending a long throw as a Tewkesbury handball gave them a free-kick.

Five minutes passed, and the visitors weren't ready to go in for half-time without a goal, and a fantastic effort very nearly broke the deadlock again, and would have done if not for a fine Parry save to prevent it reaching the top-left corner.

After a quiet first half, the fans at Kayte Lane only had to wait five minutes for the first slice of drama in the second, as a controversial red card was handed to Danter-Welch.

On first glance, the challenge looked a good one, but the referee thought otherwise.

10 minutes later, a last-ditch tackle bailed Tewkesbury out big time at the back, as a low ball from Monty New looked destined to meet Sam Smith in the middle. Smith did, however, meet the subsequent corner, but could only turn it wide at the back-post.

With 72 minutes on the clock, Kian Gardiner looked to be going all the way as he danced through the Tewkesbury defence, but was stopped at the last moment by the oncoming goalkeeper.

Five minutes later, it was Tewkesbury's turn to attack, and they were unlucky not to snatch the lead as a header across goal flew just past the back post.

Just as it looked like the game would end goalless,

Tewkesbury won it at the death, firing home after a slight scramble in the box in the first minute of injury time.

Speaking after the game, Development Manager Alex Cheal said, "Despite the final score, I hope everyone enjoyed the game. It was a fiercely contested local derby, and the players were grateful for all of the support."

The game attracted 158 people, eclipsing the previous record by 53, set in this fixture last season. Before this, 104 came through the door for a Hellenic Division Two West game against Fairford Town Reserves in 2024.

The overall club record saw 1365 come through the turnstiles for a Southern League Division One South & West game against Hereford FC on the 27th of December 2016. The Ladies First Team record sits at 214.

GOAL.**

The action came immediately at Cockrams on Saturday, a rogue elbow from Jamal Lawrence within 60 seconds deemed serious

enough for an immediate dismissal. A far from ideal start to the season at what would already have been a difficult opening game against last season's losing play-off finalists.

They would take the lead in the 25th minute, good play from the Rockies seeing Louis Sweeten feed the ever-prolific Dawid Regula. He made no mistake to beat Lewis Clayton, finding the bottom right corner after a rebounded tackle.

It went from worse, to even worse, as Will Turner was forced off by an ankle injury in the 30th minute

and Steve Davies took to the pitch in his place...perhaps a case of divine intervention as fate still had its hand to play.

After three minutes of added time, we entered the break just a goal down, the ten men battling hard to stay in the game.

Shaftesbury would come close to doubling their lead ten minutes into the second half, substitute Davies taking his man out on the edge of the box, picking up a yellow card for his efforts. A defensive header glanced the ball onto the crossbar, and Cleeve escaped once

more.

The game was far from over, however, with Cleeve showing more than just signs of life. Penalty appeals were waved away after we were taken out in the box in identical style to what the referee deemed enough to be a Shaftesbury free kick not long before.

The 67th minute then brought the big moment, Jack Carter receiving the ball from Charlie Holliday before crossing to Matt Bower who headed home to level the game.

20 minutes later and the

miraculous turnaround was complete. Steve Davies, brought on due to injury, seeing his effort deflected and in to win the game.

Elsewhere in the Southern League, just two other games took place in Division One South on the opening day while further matches were played midweek. These early absences are due to many clubs taking part in the extra preliminary round of the FA Cup.

PLAYER PROFILES

TOM BRADLEY – GOALKEEPER

Tower joined us last season after two extremely successful seasons with Avonmouth, bringing experience at both Gloucester County League and Weston League levels. A huge presence on and off the pitch, match winner but a pathetic drinker.

JACK COLE (CAPTAIN) – DEFENDER

Rolls Royce. Quick, aggressive, physical, fit, long range passing and a leader. Transitioned from Midfield last season and has been a revelation. Loves a moan.

JACK WILLMOR (VICE-CAPTAIN) – DEFENDER

Cafu of the County league. Defending 1 on 1, can't remember any winger going past him. Loves an overlap but wingers tend to look the other way because of his crossing. Close to GOTS last year with a worldie volley.

CHRIS HILLYER – DEFENDER

New bloke not so new. The modern day centre half. Great on the ball, quick, strong, technically brilliant, free kick specialist.

JOE MITCHELL – DEFENDER

Mr consistent. Technically gifted with both feet. Can defend and attack. Brilliant attitude but unfortunately supports Villa.

KIERAN DANIELS – DEFENDER/MIDFIELDER

Another lefty. Football IQ outstanding, can play LB, CB, CM, LW. Strong, quick and outstanding delivery out wide. Now loved up with new bird.

TOM FRY – DEFENDER

Should be playing 2 leagues higher but unfortunately for his sins he works in the public sector. Played for Mangotsfield with the gaffer many years ago, outstanding attitude, can do pretty much anything on the football pitch. Class act.

DAN MATTHEWS – DEFENDER/MIDFIELDER

Every opponents nightmare. Will not stop running, tough, strong, technically excellent. Can play all positions and loves a 50/50. Live wire on the pitch and just as mad off it.

CALLUM MITCHELL – MIDFIELDER

Dynamic Midfield presence. Ball winner, loves a tackle and never backs down when it gets tough. Loves popping up with important goals, but unfortunately supports Villa like his brother.

FRASER VENABLES – MIDFIELDER

Left foot wand and his right foot is just as good. Creativity, vision and awareness off the charts just unfortunate he can't replicate on a night out. Can play in the 10 or either wing. Loves as assist as much as a goal.

CHARLIE PEACOCK – MIDFIELDER

Coming from the reserves last year, Char has been a breath of fresh air. Seriously talented Midfielder who can play anywhere. Not a great roomie on tour though.

LIAM DORMAN – MIDFIELDER

The Rat. Will not let opponents breath. Committed, explosive and thrives in a 50/50. Technically very good and loves a wordie. Important leader on and off the pitch.

DYLAN QUICK – MIDFIELDER

New signing from our friends at DRG. Fits in perfect to the way we want to play this season, aggressive, quick, technically gifted, box to box midfielder. Pleased to get the ‘banning of the three brooks on a Friday night’ signed into the contract.

MATT TOVEY – MIDFIELD

New summer signing. Matt is recovering from a long knee injury. When fit ‘Tovey’ will be a serious player in the league. Both footed, amazing in the air and loves a challenge. Baller and the longest in the showers.

YUSUF ABDULRAHMAN – MIDFIELDER

Box to box midfielder. Doesn’t stop running from minute one, robotic like. Has all the attributes to be a top player when he manages to turn up on time.

FABIAN PEREIRA – FORWARD

Skillful attacking player who can operate from both flanks. Technically very good and always makes an impact on the game.

KIERAN COOPER – FORWARD

Big number 9. Aerial presence, back to goal, work rate, loves pinning defenders and is any opponents nightmare. Can be as loud on the pitch as off it. Great character to have in any team.

SAID HASSAN – FORWARD

Quick, skillful, agile and loves taking on defenders. Can play down both wings and as an attacking full back. Guaranteed at least 20 nutmegs this season.

DAN PAYNE – FORWARD

Another Summer Signing and another left footed wizard. ‘Payner’ has played leagues above in the past but unfortunately suffered a bad knee injury. Now fit and ready to go. Unfortunately can just about hack 4 Stella’s.

TREY MERRETT – FORWARD

Goals, Goals, Goals. Direct, blistering pace and can shoot off his left and right. Can play down either wing or as a striker and will score. The best player to ever come out of Lawrence Weston.

THE UNTOLD GAME

BY MARTYN

GREEN

WINNING THE LEAGUE WITH TWO DIFFERENT CLUBS IS A RARE ACHIEVEMENT.

Some of the greatest managers in the history of English football have failed to manage it, the likes of Alex Ferguson, Bob Paisley and Pep Guardiola, having been so focused on the difficult task of making just one club successful. Which leaves an elite club of people who transported that success from one ground to another.

Kenny Dalglish is the most recent, winning with Liverpool and Blackburn. Before him, Brian Clough, with Derby and Nottingham Forest. Pre-war there was Herbert Chapman, who won with Huddersfield and Arsenal. But often forgotten is the pioneer who did it first of all, and kick started a footballing revolution while he was at it, Sunderland and Liverpool manager Tom Watson.

Watson was born in Newcastle in 1859, and grew up, like many in the North East, playing football. He joined a number of local clubs and even set up his own - Rosehill - a sign that he was going to be more than just another player, or even what we would now recognise as a coach. Management in the late

nineteenth century was very different to what it is today, and included the duties of secretary, scout and administrator.

Watson became the Secretary of Newcastle West End, who would become today's Newcastle United, and secured the first lease for St. James' Park, and then moved on to Newcastle East End. At both clubs he did what very few were doing at the time, and recruited from outside the local community, signing from Scotland. In 1888, he took that innovation to nearby Sunderland.

Sunderland were preparing to apply to join the Football League, and under Watson brought in a host of Scottish players, including international

Johnny Auld from Third Lanark, a player Watson would convert into the first centre half, complementing half a dozen who had moved south of the border to join what Football League founder and Aston Villa board member William MacGregor would dub 'the team of all the talents', after the Black Cats - still a non-league side - destroyed league runners up Villa 7-2.

They had also beaten the invincible Preston North End side, and in the end, there was no argument for keeping them out of the league. They joined in 1889, and were immediately strong, finishing seventh in their first season.

Their second season in the Football League started slowly, but a run of form toward the end of the season saw them safely in mid-table, and heralded what was to come.

In 1891-92, Watson led his side to their first league title, winning every home game in the process as Newcastle Road became a fortress (Sunderland would move to Roker Park in 1898). They repeated that feat the following season, but this time they ran away with the league, winning by 11 points and playing some of the most exciting football the country had seen. They finished second in 1894, before securing the title once more in 1895. It is the most successful period in the club's history.

Watson had demonstrated not just that he was exceptional at shepherding a team to success, but that he could build a club into something formidable. In an era when new clubs were trying to make their mark, this was bound to be an attractive prospect, and when the new kids on the block - Liverpool - decided they wanted to compete at the top, there was only one

man for the job. Founded just four years earlier, in 1896 they offered Watson significant money to move his life to Merseyside. He agreed.

Liverpool had returned to the top flight following relegation, and in Watson's first season they managed to finish a creditable fifth. Echoing his time at Sunderland, the second season was more of a struggle, but in his third season he went toe to toe with Aston Villa for the title, eventually losing out on the final day. It was a signal to the rest of the league that, now, Liverpool were not just there to make up the numbers. They were in it to win it.

And win it they did, in 1901, their first ever league title less than a decade after their formation. Ironically, he had to overcome his former side Sunderland in order to win it, eventually finishing just two points ahead of the now Roker Park outfit. It made Watson the first man to win the league with two different clubs, a feat he would claim alone for the next three and a half decades, until Herbert Chapman turned up in North London.

But unlike at Sunderland, Watson's time at Liverpool wasn't all smooth sailing. In 1904, they suffered relegation, finishing a point behind Stoke. Watson stayed, and led his charges to an immediate return to the top flight. Then he achieved the

miracle, and in his first season back in the First Division, won the league for a second time. They scored 79 goals across their 38 games, a full 25 more goals than their nearest challengers Preston. In 1906, he led them to their first FA Cup final, where they lost to Burnley.

Watson would stay at Liverpool until his death in 1915. Having returned to the north east for his birthday, he picked up 'a chill' that eventually turned into pneumonia. He is remembered as one of Liverpool's most important managers, and at 19 years, their longest serving manager still. He built two clubs and established a legacy that has lasted over a century, as well as developing one of the very first examples of what we would now call a scouting network. And he won those titles with two different clubs. One of the elite managers of English football.

Enjoy the game.

FOOTBALL MATCHES GET CALLED OFF FOR A VARIETY OF REASONS, SOME MORE REASONABLE THAN OTHERS, AND SOME ARE JUST MAD.

Thinking through a Cleeve perspective, there are only a few reasons our games have been called off in recent years. The Men's First Team have lost two already this season, both due to fixture clashed with FA competitions, and we've had to rearrange our game against Longlevens Reserves as it clashed with a Southern League match.

Away games will fall to rain and frozen pitches, while one was called off as it was unsafe to travel in recent years, but all our games tend to fall to fairly normal things when the worst does happen.

On our pitch, snow is the only thing that will render it unplayable, or if the spectator areas are unsafe. In case you ever wondered.

So, when I was scrolling Twitter at the weekend, imagine my reaction to seeing this reason given for an abandoned game: "Helicopter landing on pitch - wedding".

"Wot."

- Cole Palmer

Now that is just bizarre. And it made me do some digging.

The note came from a Full Time screenshot for a game between Hinckley LR and Kirby Muxloe FC Reserves in the AI Sport

Division One at the Leicester Road Stadium. And... I couldn't find anything else about it. But it got me thinking, what is the weirdest reason for a game to be postponed or abandoned?

One of the most famous in recent years has to be the hearse incident at a pre season friendly between Dunston UTS and Gateshead. The game was called off after the vehicle was abandoned on the pitch by masked men before they fled on another car, leaving everyone more than just a tad confused.

According to BBC News, "A hearse and a Subaru car were driven onto the pitch last year at the stadium on Wellington Road during half-time.

"Those inside the hearse threw leaflets on to the pitch, before abandoning the vehicle and driving off in the Subaru. The match was later called off.

"No-one was reported to have been threatened or injured, but the defendant had also faced charges of intent to cause the spectators harassment, alarm or distress."

The case was taken to court and eventually dropped due to lack of evidence.

Now, from hearses to horses. A pantomime horse once apparently ran onto the pitch at Elland Road in the 70s, and on that note, I once had a game halted as a coach because a horse had hurdled a fence and ran on from the neighbouring field, which was an interesting one to say the least.

In 1999, a game was moved due to a solar eclipse. A "once in a lifetime event" which has happened more than once in my lifetime caused the police to rearrange a League Cup

game between Torquay United and Portsmouth due to the expected influx of tourists. Speaking of looking upwards, Burnley and Ipswich had to wait for the para glider to deliver the matchball after he got stuck on the roof.

Looking back to nonleague, last season's Southern League Division One South winners once had to move a game against Chippenham Town because it...clashed with the Frome Cheese Show. Tens of thousands apparently descend on Frome for their fromage fray and the football club decided it were better to call the game off than battle against the crowd of cheese enthusiasts.

Football fans like to throw things on the pitch when they're unhappy, tennis balls being a favourite, sometimes a pig head. But how about fish cakes?

A game in Norway between Rosenburg and Lillestrom had to be cancelled as fans kept throwing stuff, notably fish cakes, on the pitch in protest of VAR, flares and tennis balls were also used but the whole fish cake thing is more interesting so it gets the headlines!

Anyway, lets hope nothing like that happens today. It would not be ideal and a hearse, or a horse, does not have the required footwear to go onto our artificial pitch.
